

6-Port Unmanaged Fast Ethernet Long Range PoE+ Switch

TE-FP051 (v2.0R)

- Easy installation
- 4 x Fast Ethernet PoE+ ports and 2 x Fast Ethernet ports
- Enable the DIP switch to extend the PoE+ signal up to 250m (820ft.) at 10Mbps
- 1.2Gbps switching capacity
- 60W PoE budget
- Wall mountable design
- Sturdy metal switch
- Use with TRENDnet's PoE splitter to network and power non-PoE devices
- 3-year warranty

The 6-Port Unmanaged Fast Ethernet Long Range PoE+ Switch, model TE-FP051, delivers data and power over existing Ethernet cables to Power over Ethernet (PoE) devices, such as access points, VoIP phones, and IP cameras. It supports both PoE (802.3af) and PoE+ (802.3at) devices with a 60W PoE budget. This Unmanaged Fast Ethernet Long Range PoE+ Switch works up to 250m (820 ft.) away for longer distance PoE applications. It features a fanless design, and has a convenient option for wall-mounting.

PoE+ Power

A 60W PoE power budget supports up to four Power over Ethernet devices.

Fast Ethernet (10/100Mbps)

Six Fast Ethernet ports provide a 1.2Gbps switching capacity to support edge network installations.

Long Range PoE+ Switch

Extend the PoE+ signal up to 250m (820 ft.) at 10Mbps for long distance PoE installations.
